Minutes

Agenda item: Connection with firebase **Presenter:** Riley Durbin

Discussion:

Connection of the platform firebase with the spring boot database

Conclusions:

The database was improved with the connection of firebase where the authentication will occur and will connect to the database by sending a token.

Agenda item: Registration of users **Presenter:** Maria Amoros

Discussion:

Registration of users has some progress, but error http 500 is being thrown. The front end vue components and specific routing were created.

Conclusions:

We will keep working on it. The users were successfully saved in the firebase, which is great advancement.

Agenda item: Cancel Events **Presenter:** Maria Amoros

Discussion:

Cancel events are possible and completely working in the frontend and backend.

Conclusions:

No conclusions for this feature.
