All	Meeting	Weekly team meeting on Sep 24, 2022	Discussed Vision and Scope	1	0.5	Done	
Shawn Fahimi	Documentation	Vision and Scope - Business Requirements/Scope and Limitations	Filled out Business Requirements/Scope and Limitations	1	1	Done	
	Documentation	Meeting Minutes	Documented discussion with client.	1	1	Done	
Thuong Hoang	Documentation	Worked on Introduction, Background, some business objectives, and stakeholders	Filled in this information in the Vision and Scope	2	1	Done	
	Project Setup		Setting up Jira, Github, AWS, commit sprint 0	1		Not Done	
Tanmay Kejriwal	Project Setup	Github and Jira	Setting up Jira, Github, AWS CI/CD pi	1	0.5	Not Done	
	Research	Pdf parsing libraries and calendar modules	Reserached on different public api available for pdf parsing, ML is really required for pdf parsing, CI/CD pipeline tools and calendar modules in Vue is and react. Wrote	1	2	Done	
Alex Roa	Documentation	VIsion and Scope - Stakeholder profiles & features	Contributed to stake holder profiles and project features sections of the Vision and Scope document	1	1	Done	
	Documentation	MVP Rollout Plan	Helped create a roadmap of MVP rollout by Sylabus week Spring 23.	0.5	0.5	Done	

			Sep 26 - Oct 3, 2022				
Team Member	Task Categories	Planned Task	Description	Planned Hours	Actual Hours	Status	Comments
All	Masting	Client meeting on Sep 29, 2022	Discussed future costs of implementation for the Open Planner application and clarified necessary features for the MVP with product client	1	1	Done	
All	Meeting	Client meeting on Sep 28, 2022	Discussed implementation and back-end	1	·	Done	
All	Meeting	Weekly team meeting on Sep 26, 2022	structure for the Open Planner application	1	1	Done	
Shawn Fahimi	Documentation	Use Cases (Cases 1-6)	Documented Use Cases (as discussed with the group) for the Open Planner application	1.5	1.5	Done	
	Documentation	Glossary	Documented commonly used terms in the Use Cases document	0.5	0.5	Done	
	Project Setup	React/Django integration	Researched methods to connect the React frontend with the Django Rest backend	1	0.5	Not Done	
	Documentation	Meeting Minutes	Documented discussion with client.	1	1	Done	
Thuong Hoang	Documentation	Use Cases (Cases 1-6)	Help create Use Case one and review use cases created by other members.	1	1	Done	
	Documentation	Glossary	Wrote the introduction for the glossary	0.5	0.5	Done	
	Research	Python NLTK	Looked into how Python's NLTK works	1.5	2	Done	
Tanmay Kejriwal	Research	Testing and NLP	Learned about NLP and pre-existing Al parsing a	r 1	1.5	Done	
· ·	Programming	Google OCR , Call from frontend	Wrote demo code using google ocr and made https requests from frontend to backend to test cors	2	1.5	Done	
	Project Setup	Deploy on Heroku	Deployed the complete CI/CD pipeline with github integration and jira setup with planned sprint and tasks	2	8	Done	
Alex Roa	Documentation	Use Cases (Cases 7-11)	Documented Use Cases (as discussed with the group) for the Open Planner application	1	1	Done	
	Documentation	Meeting minutes	discussed new features and how we can roll out front end development in stages	0.5	0.5	Done	

			Oct 3 - Oct 10, 2022				
Team Member	Task Categories	Planned Task	Description	Planned Hours	Actual Hours	Status	Comments
All	Meeting	Team Meeting	Discussed necessary near-future tasks for prototyping, front-end and back-end development	1	1	Done	
Shawn Fahimi	Documentation	Meeting Minutes	Documented Team Meeting and all necessary tasks to accomplish for the week	1	1	Done	
	Prototyping	Figma Prototype	Created the prototype for the Open Planner application on Figma to reflect all Use Cases	1.5	3.5	Done	
Shawn Fahimi Thuong Hoang Tanmay Kejriwal	Research	NLTK	Researching and learning how to use Python's NLTK package	1	1	Done	
	Research and programming	Parsing PDF	Learned how to parse and get all tables within a PDF file and got the code for it to work and return the tables	1.5	2	Done	
Tanmay Kejriwal	Programming	Al Training	Trained Al model using 6 different PDF and tried to get output as formattd json	3	2.5	Done	
	Deployment	ENV Varibales	Tried to setup Environment Variables in heroku itself	1	0.5	Not Done	
Alex Roa	Research	Figma to React Js	Found CopyCat AI which will help transfer React Js front end capabilities	0.5	0.5	Done	
	Documentation	Meeting Minutes	Discussed next steps for frontend tasks and scheduling for after fall break	0.5	0.5	Done	

			Oct 10 - Oct 17, 2022				
Team Member	Task Categories	Planned Task	Description	Planned Hours	Actual Hours	Status	Comments
All	Meeting	Team Meeting w/ Clients	Discussed Figma prototype with client and necessary adjustments to user interface.	1	1	Done	
Shawn Fahimi	Documentation	Meeting Minutes	Documented Team Meeting including all necessary tasks to accomplish for the week and necessary adjustments to prototype based on clients' notes.	1	1	Done	
	Development	Front-End	Began researching and implementing means to develop the front-end splash/login pages for Open Planner	1	1	Not Done	
Thuong Hoang	Research	Learn to use PDF Parsing tools and NLTK	Learned about how to use PDF Plummer and combine it with the NLTK toolkit	1	1	Done	
	Development	Created a PDF Parsing tool	Developed a tool that collects all the table data for the assignments of a course syllabus	2	1	Done	
Tanmay Kejriwal	Learning	Learn React	Learned In depth about react from a youtube tutorial series	2 hours	2	Done	
	Research	Pre existing Al Model	Finally decided that AI models are not accurate after many testing and training so will proceed with normal pdf parsing using regex	2	1.5	Done	
Alex Roa	Research		Using AI software CopyCat.AI to convert figma application to react seemlessly	1	0.5		
	Development	Front-End	Partial emplementation of figma components to react-js	1	0.5	Done	
	Development	Front-End	Deploying current front-end to github fork	1		not done	

			Oct 17 - Oct 23, 2022
